

Sprinkler

Recessed Sprinkler

Paradise Recessed sprinkler incorporates recessed escutcheon assembly permitting field adjustment after installation. The ceiling escutcheon plate is easily installed after the sprinkler is in place, allowing removal of ceiling panel for easy access to ceiling equipment without taking the system out of service to remove the sprinkler. It's good exterior also well harmonizes with the surrounding environment in the populated area.

Specification

Connection Screw Size	15A (PT 1/2 ")
Material	SPC
Surface Finishing	Spray Paint
Color	White
Weight	5kg/Box
Packaging	100Ea

※ Color can be specified at time of order.
